TASKalfa 8002i Series

HIGH-VOLUME IMAGING, EXCEPTIONAL WORKFLOW PRODUCTIVITY.

The TASKalfa 8002i Series of advanced Black-and-White MFPs powers through your most demanding print, copy, scan and optional fax tasks with exceptional speed and accuracy. With fast throughput, outstanding ease of use, extraordinary image quality and exceptional durability, the TASKalfa 8002i Series offers true best-in-class performance.

This flexible Series is designed to effortlessly handle each and every job, whether communicating and collaborating in hardcopy or digital form. Print at up to 80 pages

per minute. Scan at up to 220 images per minute. To further streamline processes, the expandable TASKalfa 8002i Series can be equipped with added paper drawers, professional finishing and integrated plug-and-play Kyocera business applications.

Combined with ultra-reliability and long-life technology that Kyocera is known for, the TASKalfa 8002i Series takes the end-user experience—and your business—in a new direction.

ENGINEERED TO EXCEL

The TASKalfa 8002i Series offers superior design elements, those that address current and future media handling, volume and document processing requirements. This modular platform helps busy workgroups handle multiple tasks with ease, forming responsive teams that get the job done.

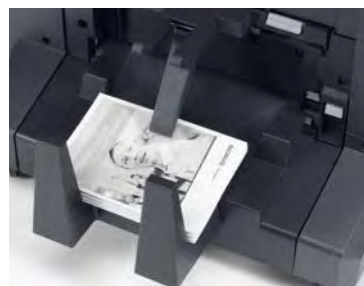

EASILY NAVIGATE TABLET-LIKE DISPLAY

The large, tiltable 9" color touch screen display is highly customizable, allowing instant access to frequently-used functions. Organize icons in a layout that works best for you. Personalize the display with your company logo. Help menu and magnification features enable comfortable viewing and enhanced accessibility. A standard soft numeric keypad is incorporated into the display; an optional external hard numeric keypad is available.

EXTEND PRINT RUNS

Ideal for high-volume environments, the TASKalfa 8002i Series offers a standard 4,150-sheet paper supply, upgradable to 7,650 sheets. A maximum of eight trays handle paper sizes up to 12" x 48" (via Multi-purpose Tray) and paper weights up to 166 lb. Index (300gsm). The standard 270-sheet Dual Scan Document Processor handles the most challenging paper-based applications, quickly and reliably.

AUTOMATE PROCESSES, MINIMIZE OUTSOURCING

The optional 4,000-sheet External Finisher simplifies cumbersome manual processes with 65-sheet multi-position stapling, and support for Booklet Folder/Tri-fold Unit, Multi-bin Mailbox and Hole Punch Unit options.

CREATE OPPORTUNITY, WITH TECHNOLOGY

The powerful performance of the TASKalfa 8002i Series enables you to better manage virtually every aspect of document creation, output, distribution, storage and retrieval. Your workforce can now communicate and collaborate in a secure, efficient digital workflow, one that bridges the gap between people and the information that drives business forward.

Fully-configured System, with Optional 4,000-sheet Finisher, Booklet/Tri-fold Unit, Multi-bin Mailbox and 3,500-sheet Side Trays

SUPERIOR FUNCTIONALITY

Produce crisp black-and-white documents at true 1200 x 1200 dpi.

Distribute scanned files to multiple destinations...email, folder, FTP, etc.

Scan invoices, statements and forms at up to 220 images per minute, via the standard 270-sheet Dual Scan Document Processor.

Save time and simplify IT management with KYOCERA's Command Center RX, a standard web-based interface that enables device monitoring, as well as system setting and address book entry/updates...right from your desktop.

Streamline scanning with Blank Page Skip; detects and removes blank pages, saving time and device memory.

Support your mobile workforce by putting print, scan and send features at their fingertips with applications, such as KYOCERA Mobile Print, Apple AirPrint®, and Google Cloud Print™. Standard Near Field Communication (NFC) for Android and Wi-Fi Direct provides added smart device convenience.

Print-from and scan-to a USB thumb drive—directly from the control panel; no PC required.

Print and share frequently-used files with Document Box, a secure area on the hard drive where documents are conveniently stored and easily retrieved.

Turn scanned documents into searchable PDFs with standard OCR, dramatically reducing the time to locate and replicate information.

Optimize device uptime and reduce costs with KYOCERA Fleet Services (KFS), a secure cloud-based monitoring system that offers visibility into settings, consumable levels, usage, and much more.

Reduce costs with Proof Copy Mode, which lets you print (and approve) a sample copy before duplicating large documents.

REMOTE MONITORING REDEFINED

Optimize device uptime and reduce costs with KYOCERA Fleet Services (KFS), a highly-secure cloud-based monitoring solution that offers real-time visibility into...

- **Device Status:** Take a proactive approach to error resolution to ensure that your fleet operates at peak performance.
- **Counter Activity:** Eliminate administrative burden with automatic meter reading, for accurate and timely billing.
- **Supply Levels:** View consumable levels to prevent unnecessary workflow interruptions.
- **Usage Trends:** Identify print, copy, scan and error code trends to make more informed decisions (fleet right-sizing), and further optimize workflow.

LEVERAGE TECHNOLOGY, TO YOUR ADVANTAGE

To enhance the TASKalfa 8002i Series' core capabilities, and maximize return-on-investment, Kyocera offers a extensive portfolio of customizable business applications. Each is designed using Kyocera's cutting-edge HyPAS technology, a flexible, open platform that seamlessly integrates with the highly-scalable Kyocera MFP. The customized app personalizes system operation to match your specific workflow, for immediate and measurable gains in office productivity.

STRENGTHEN SECURITY

To thwart unauthorized access to device functions, and protect confidential information, the TASKalfa 8002i Series offers standard security features, as well as optional enhancements.

- **User Authentication** limits MFP access to only those who have a registered login name and password.
- **Private Print** function temporarily saves print jobs in Document Box and only releases them after entry of a user-defined PIN code on the control panel.
- **PDF Encryption** restricts access for displaying, printing and editing PDFs by assigning a secure password.
- **Optional Data Security Kit** for overwrite and encryption, to help safeguard mission-critical workflows.

CONSERVE ENERGY & RESOURCES

The TASKalfa 8002i Series dramatically reduces waste and unnecessary energy consumption, in order to minimize environmental footprint.

- Unique long-life technology and consumables that reduce waste, lower running costs and minimize service interventions.
- Manage your energy costs. Programmable Energy Saver function and low Typical Electricity Consumption (TEC) values support your energy-saving goals.
- Energy Star® compliant with Low Power Mode and Sleep Mode settings.

ONE SERIES. TWO MODELS

There are two models in this Series, the TASKalfa 8002i and TASKalfa 7002i, so you can choose the system that best meets your application needs.

	TASKalfa 8002i	TASKalfa 7002i
Functions	Print / Copy / Scan / Optional Fax	
Speed (Letter)	80 ppm Black	70 ppm Black
Display Panel	9" Color TSI with Tablet-like Home Screen	
Max. Resolution	Up to 1200 x 1200 dpi	
Memory (Standard)	4.5 GB RAM / 8 GB SSD + 320 GB HDD	
Document Processor (Standard)	Dual Scan Document Processor (DSDP) / 270 Sheets	
Finishing (Optional)	4,000 Sheet External Finisher (3-position Staple), Optional 7-Bin Mailbox, Booklet/Tri-fold, 2 and 3 Hole Punch	
Paper Capacity	Standard 4,150 Sheets (Upgradable to 7,650 Sheets)	
Paper Sources (Standard / Max.)	5 / 8 including Multi-purpose Tray (MPT)	
HyPAS-enabled	Standard	
USB Host Printing	Supports Direct Printing and Scanning: TIFF, JPEG, XPS, PDF (Version 1.7)	
Mobile Print Capability	Apple AirPrint®, Google Cloud Print™, KYOCERA Mobile Print	
Wireless LAN, Wi-Fi Direct	Standard	
NFC Support (for Android)	Standard	
KYOCERA Fleet Services (KFS) Ready	Yes	
Maximum Monthly Volume	450,000 Pages Per Month	400,000 Pages Per Month
